PROFILE SUMMARY

Java Full Stack Developer from frontend to the backend and cloud deployment, focusing on scalable microservices patterns, React web setups, and AI integration systems.

TECHNICAL SKILLS

- *Programming Languages:* Core Java, OOPs, Collections Framework, Exception Handling, SQL ,HQL
- *Frontend Technologies: HTML5, CSS3, TypeScript ,TailwindCSS, JavaScript, Bootstrap , React*
- *Backend Technologies:* Spring Boot, Spring MVC, Spring Security, REST APIs, Microservices
- *Databases & Tools:* MySQL, Git, GitHub, IntelliJ IDEA, Maven, Postman , MongoDB , PostgreSQL
- *Core Computer Science Concepts:* Data Structures & Algorithms (DSA), Operating Systems(OS)

PROJECTS

Enterprise Employee Onboarding & Asset Tracker

Technologies: Java, Spring Boot, Spring Cloud, OpenFeign, React.js, PostgreSQL, Docker

- Designed a full-stack microservices architecture separating HR workflows from IT inventory
- Implemented database-per-service isolation using PostgreSQL to prevent single points of failure
- Configured synchronous inter-service data communication using Spring Cloud OpenFeign for asset allocation
- Integrated Spring Cloud Gateway and Eureka Server for centralized routing and dynamic service discovery.

AI-Driven Technical Screening & Mock Interview System

Technologies: Java, Spring Boot, Google Gemini API, React.js, MySQL, Spring WebClient, Tailwind CSS

- Engineered an automated technical screening platform integrating generative AI within backend services
- Integrated Google Gemini API asynchronously using Spring WebClient to generate custom interview questions dynamically
- Built a secure prompt handler to manage token templates and dynamic JSON payload parsing
- Designed an evaluation engine grading candidate text answers to output instant analytical scores.

EDUCATION

B.Tech in Computer Science & Engineering(AIML)
KPRIT | CGPA: 7.9/10 | 2026

PROFESSIONAL TRAININGS

•**Student Tribe** May 2026 - Oct 2026

•Gained strong technical skills, hands-on experience in Java, backend technologies, and full-stack development .

•**TNSIF**

https://tnsindiafoundation.org/ Aug 2025 - Sep 2025

•Trained in professional readiness, workplace etiquettes, interpersonal skills to be industry-ready.
